MEMORANDUM FOR: Executive Director-Comptroller

Colonel White:

25X1
This is to remind you that you wanted to discuss with the Deputies at your meeting next week the proposed survey in the Agency on the youth problem. You will recall that Dr. Tietjen and Dr. briefed you the other day on the general plan for the study. Dr. expressed his desire to have the assistance of representatives of the respective Deputies in the final design of the study. I should think that the easiest way to handle it would be for the Deputies to make their nominations directly to Dr. Tietjen. A final proposal for the structure of the study will be offered for the Deputies consideration, hopefully within the next six weeks.

Robert S. Wattles
